

# 2023 INTERNATIONAL CONFERENCE ON UNMANNED AIRCRAFT SYSTEMS (ICUAS '23)

[www.uasconferences.com/2023\\_icuas](http://www.uasconferences.com/2023_icuas)

June 6 - 9, 2023

Lazarski University, Warsaw, Poland

## INTERNATIONAL ADVISORY COMMITTEE

David Casbeer, Air Force Research Laboratory  
Ben M. Chen, Chinese Univ. of Hong Kong  
MaryAnne Fields, Army Research Office  
Tor Arne Johansen, Norwegian Univ. of Sci. & Tech.  
Tiago Oliveira, Portuguese Air Force  
Matko Orsag, University of Zagreb  
Fulvia Quagliotti, Politecnico di Torino  
Camille-Alain Rabbath, Defence R&D, CA  
Mário Sarcinelli-Filho, Univ. Federal do Espírito Santo  
Didier Theilliol, Univ. of Lorraine / Polytech Nancy  
Antonios Tsourdos, Cranfield University  
Anthony Tzes, NYU Abu Dhabi

## HONORARY CHAIRS

Anibal Ollero, University of Seville  
Youmin Zhang, Concordia University

## GENERAL CHAIRS

Anna Konert, Lazarski University  
YangQuan Chen, University of California Merced  
Andrea Monteriu, Univ. Politecnica delle Marche

## PROGRAM CHAIRS

George Nikolakopoulos, Luleå Univ. of Technology  
Benjamyn Scott, Leiden University

## PROGRAM VICE-CHAIRS

Nikos Vitzilaos, University of South Carolina  
Xiang Yu, Beihang University

## INVITED SESSIONS CHAIR

Alexandre Santos Brandão, Federal Univ. of Viçosa  
Pedro Castillo-Garcia, Univ. of Tech. of Compiègne

## TUTORIAL AND WORKSHOP CHAIR

Kerstin Haring, University of Denver

## UAV COMPETITION

Mateusz Kotlinski, Int'l Civil Aviation Organization  
Frano Petric, University of Zagreb

## GOVERNMENT / INDUSTRY LIAISON

Piotr Kasprzyk, Lazarski University

## LOCAL ARRANGEMENTS & REGISTRATION CHAIR

Ewelina Książek-Janik, Lazarski University

## WEB & PUBLICITY CHAIR

Maja Matijasevic, University of Zagreb

## PUBLICATION CHAIR

George Fourlas, University of Thessaly

## ICUAS ASSOCIATION LIAISON

Kimon Valavanis, University of Denver

## ELECTRONIC SERVICES COORDINATOR

Pradeep Misra, Wright State University

## IEEE CSS LIAISON

Panos Antsaklis, University of Notre Dame

## IEEE RAS LIAISON

Paul Oh, UNLV

For any information about ICUAS'23 e-mail  
Kimon Valavanis, [kvalavanis@gmail.com](mailto:kvalavanis@gmail.com).

The 2023 International Conference on Unmanned Aircraft Systems, **ICUAS '23**, will be held on June 6-9, in Warsaw, Poland, at Lazarski University, <https://www.lazarski.pl/>. Prof. Anna Konert, Director of Lazarski Aviation Academy, and Dean of the Faculty of Law and Administration is the conference coordinator, and in charge of the regulations and legal track of the conference. The conference is organized for the first time in a university campus.

**ICUAS '23** offers unique opportunities to meet, interact and shape the future of unmanned aviation, worldwide, bringing together the technical, regulatory, and legal communities. Details may be found at [http://www.uasconferences.com/2023\\_icuas](http://www.uasconferences.com/2023_icuas) and related links. **ICUAS '23** is fully sponsored by the **ICUAS Association, Inc.**, a non-profit organization, see [www.icuas.com](http://www.icuas.com).

The central theme of **ICUAS '23** is threefold: 1) **reconfigurable aerial platforms**; 2) **multi-purpose/hybrid aerial platforms**; 3) **regulations and standards for autonomy**. National and international organizations, agencies, industry, authorities, work towards defining roadmaps of Unmanned Aircraft Systems/Remotely Piloted Aircraft Systems (UAS/RPAS) expectations, technical requirements and standards that are prerequisite to their full utilization and integration into the national airspace. The next generation of UAS/RPAS will be used for a wide spectrum of civilian and public domain applications.

**ICUAS '23** aims to bring together different groups of qualified representatives worldwide, funding agencies, industry, academia, end-users, and practitioners, to discuss the current state of unmanned aviation advances, and the roadmap to their full utilization in civilian and public domains. Special emphasis will be given to research opportunities, and to *'what comes next'* in terms of the tools, essential and support technologies and standards that need to be utilized to advance the state-of-the-art.

**ICUAS '23** includes the **UAV Competition**. The Competition is student-focused and student-centered, offering unique opportunities for students to test and compare their skills with those of their peers, worldwide. The competition is organized in two stages: simulation qualifiers and in-person finals. The finals will take place during the conference, allowing for students to meet and participate in the conference, too. Details on how to participate in the UAV Competition are available on the conference web.

Through keynote addresses, round table discussions and presentations, the outcome of the conference will be a clear understanding of what industry, civilian, national, and international authorities need, and what are the crucial next steps to be completed before UAS/RPAS are utilized in everyday applications.

## IMPORTANT DUE DATES

**January 15, 2023:**

Full Papers / Invited Sessions / Tutorial Proposals Due

**February 1, 2023:**

UAV Competition: simulation-based scenario

**March 31, 2023:**

Acceptance / Rejection Notification

**March 31–April 20, 2023:**

Early Registration

**April 20, 2023:**

Upload Final, Camera Ready Papers

## SUBMISSIONS

**Papers:** Paper format follows IEEE guidelines. Electronic submission will be handled through PaperCept - details are available on the conference web site. Submitted papers should be classified as *Contributed* or *Invited Session* (max. 8 pages), or *Poster* (max. 6 pages) papers. Accepted, contributed, and invited session papers only, will be allowed up to two additional pages for an extra charge per additional page. Poster papers should aim at novel and cutting-edge ideas with potential, however, not yet fully developed.

**Invited Sessions:** Proposals for invited sessions should contain a summary statement describing the motivation and relevance of the proposed session, the invited paper titles, and the names of the authors. Authors must submit FULL invited papers. Each paper must be marked as "Invited Session Paper".

**Workshops and Tutorials:** Proposals for workshops and tutorials should contain title, list of speakers, and extended summaries (2000 words) of their presentations.

All contributions (papers, invited papers, proposals for invited sessions, workshops, and tutorials) must be submitted electronically through <https://controls.papercept.net> by due date.

**Paper Review Process:** All submitted papers will undergo a thorough, peer review process coordinated by the Program Chairs, Advisory Committee Members, IPC members, assigned Associate Editors and qualified reviewers. Each submitted paper will be reviewed by (at least) three qualified reviewers. Each Associate Editor will make recommendations. The Program Chairs will finalize and announce decisions by the due date. Each submitted paper will be checked for originality through the *iThenticate* Plagiarism Detection Software.
